

Choose our

## SWIFT Cloud Services and join the digital transformation

Flexible Cloud Solutions support companies by making their IT infrastructure more efficient. Necessary investments in connectivity and maintenance services are now scalable and adapted to the needs of the company.

Our SWIFT Cloud Services provide fast, easy, and reliable solutions. We support you in your Cloud migration and management.

### Benefits of Cloud Infrastructure

Cost savings, high scalability and flexibility, high performance technology, more efficient IT infrastructure

### Time Requirements

Immediate start of providing service offerings possible because of available expert knowledge

### Guidance & Management Service Level

Includes a combination of both Service Levels, providing you maximum level of support

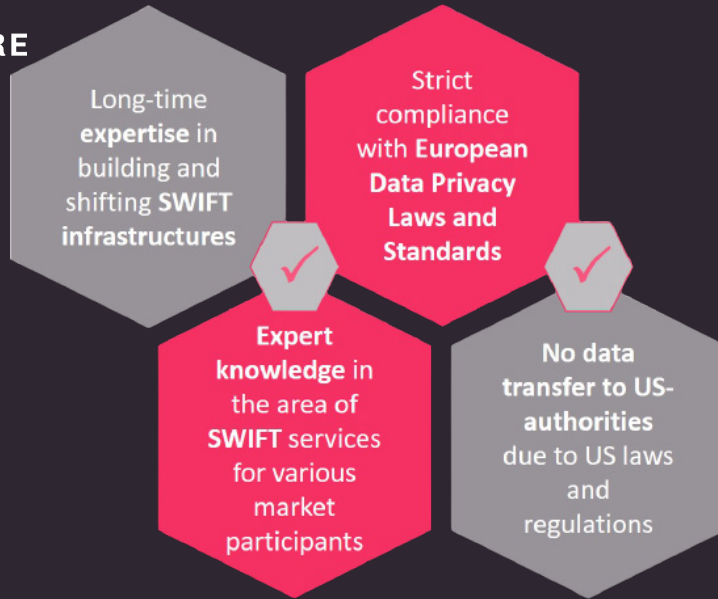

## Cloud Services

Cloud Computing is a vital foundation of the digital transformation process across the globe. The benefits of a Cloud adoption are undeniable with Cloud-based outsourcing and managed services emerging in the market. Organizations are migrating to the Cloud faster than ever to improve performance, reduce IT complexity, and increase availability significantly.

## Our Solution

Our Guidance Service Level includes support during the whole migration process of your SWIFT infrastructure into the Cloud. We help you to find the most suitable Cloud for your business requirements and assist you from the evaluation of your current infrastructure to the go-live of the new Cloud infrastructure.

Our Management Service Level includes managing your SWIFT infrastructure in the Cloud. We provide you 24/7 support, annual changes and implementations as well as project or program implementations. Also covered by the Management Service Level is the migration to the Cloud to redesign or adapt existing processes.

### Guidance Service Level

Guidance of the migration of SWIFT infrastructure into the Cloud

### Guidance Offer

Evaluation & preparation, planning & administration, implementation & development

### Management Service Level

Management of SWIFT infrastructure in the Cloud

### Management Offer

Initiative implementations, annual changes & implementations, 24/7 support

## About Be

Be AG enables leading financial services organisations across Europe to manage the complexity of business transformation. We work alongside our customers to help them achieve the most ambitious targets: (re)designing business models, aligning them with regulatory and market requirements, entering the digital age.

We believe that success is driven by collaboration and a passion for performance. Our growing team of over 1,500 diverse, highly skilled specialists combines industry knowledge with extensive practical experience. We work with global players who are shaping the present and future landscape of finance. At Be AG, we offer our clients strategic and operational services from management consulting to solutions development.

## Why Choose Us?

Combining the comprehensive functionalities of the SWIFT Cloud Services with over 22 years consulting expertise in the fields of payments and especially SWIFT, we are the ideal partner for your approach to migrate and manage your SWIFT infrastructure in the Cloud.
