

Join the ISO 2022 Migration and get to know our projects

After years of coexisting different standards, the financial community has decided with consensus to move to a uniform standard to improve compliance and efficiency. The result is the ISO standard 2022.

We work in numerous projects to support you in adapting to the new standard.

ISO 2022 migration

We enable you to benefit from the advantages of the new format.

T2-T2S consolidation

We ensure that you keep connected to the T2 and T2S and benefit from the new ESMIG.

EURO1 migration

We support you to keep connected and master the Big-Bang Go-Live.

ISO 2022 Migration

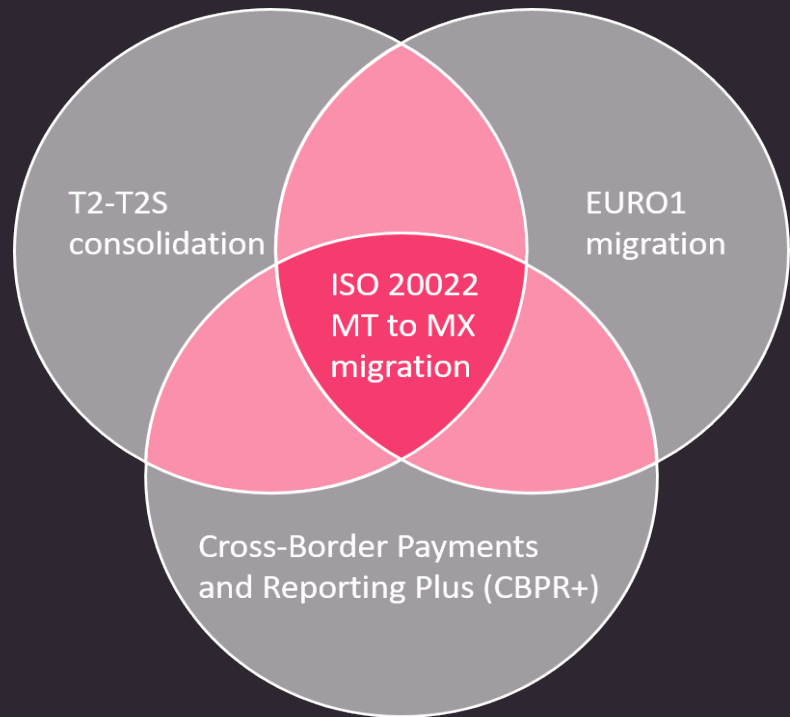

The new standard to unite the payment landscape provides standardization and automation possibilities and improves the quality of data across the payments ecosystem. Because of the Corona pandemic, it has been decided to move the ISO 2022 migration and T2-T2S consolidation to the year 2022.

Our Support

Despite the postponement to the year 2022, the MX migration needs to be processed in time. We work together with you to provide customer-specific solutions. Our offers for you are analysis, support, and consulting regarding your payment landscape. With custom-made measures, we handle the implementations and systems adjustments. To complete our projects successfully, we conduct system tests and assist you during the go-live.
