

SWIFTNet Training

WHO SHOULD TAKE PART

Treasurer, project manager and everybody who is interested in bank communication via SWIFTNet. The training contents can be tailored to the participants' requirements.

TRAINING CONTENTS

You get to know the whole range of opportunities with SWIFTNet. The training contents are tailor-made for your interests and requirements and will be coordinated with you in advance. Depending on your needs, we provide training for business and technical issues, among others

- definition of the SWIFTNet strategy
- SWIFT Business Solutions and their integration into internal company systems
- organizational and administrative issues relating to the SWIFTNet link
- expansion and integration of SWIFTNet infrastructures into your systems (e.g. integration of SAG into the internal safety concept, connection of SWIFT Alliance Lite2)
- Messaging
 - formats
 - integration into existing business processes ("Straight-Through-Processing")

KINDS OF TRAINING

- PROFESSIONAL SWIFTNET TRAINING
- TECHNICAL SWIFTNET-TRAINING

AS INDIVIDUAL INHOUSE TRAINING

We are pleased to provide training at your premises. The training contents are tailor-made for the group of participants and their interests.

Date: Of your choice (min. 4 weeks after request). → [Request](#)

Period: Upon consultation. Based on your previous knowledge and goals, we would be pleased to provide a recommendation.
